Your fine motor skills are awesome! You seem to especially like to write with pens, and you often "help" me with my grocery lists by scribbling all over the paper.

And you did even better than I had hoped.

Currently, every car ride is exciting because you cheer me on when I drive through a green light.

Even the books you don't have memorized, you like to "read" to me by looking at the pictures and making up a story.

:) You are talking in three- and four-word sentences now.

You have a very logical mind.

It's my hope as a parent that I can encourage that side of you while discouraging the hitting and kicking.

Now I'm here on the eve of your third birthday and I'm in disbelief that I will have a three-year-old little boy when I wake up in the morning.

Even knowing you were in a great place, that first drop-off.

We clap and cheer when you catch and when you miss, we say, "Almost!" Now you repeat us and say, "Almost" if you miss the ball.
