Currently, every car ride is exciting because you cheer me on when I drive through a green light. You have a very logical mind.

And you did even better than I had hoped.

It's my hope as a parent that I can encourage that side of you while discouraging the hitting and kicking.

Your fine motor skills are awesome! You seem to especially like to write with pens, and you often "help" me with my grocery lists by scribbling all over the paper.

Even the books you don't have memorized, you like to "read" to me by looking at the pictures and making up a story.

I can't wait to see what new adventures this next year will give us! Love

:) You are talking in three- and four-word sentences now.

You jump on him, head-butt him, and tackle him every chance you get.

Now I'm here on the eve of your third birthday and I'm in disbelief that I will have a three-year-old little boy when I wake up in the morning.
