Even when I'm pulling my hair out, I still feel that way every day.

Even when you're watching TV, you often bounce up and down in the living room like you have springs in your feet.

You throw your hands up in the air triumphantly when they score a touchdown and you clap when something exciting happens.

You get really hyper at night and flip around in our bed like a gymnast or wrestle with Daddy.

You still have a fear of most foods that aren't cookies or crackers.

And yet, spending my days with you - seeing the world through your eyes - it keeps me young.

Big tears, ugly crying in the middle of a public place.

If I say, "Up," you will say, "Down" and so on.
